9) The Tumkur Town Mcl has also resolved that the octroi duty on Sugar at the place may be reduced to one rupee per cent ad valorem.

10) The Rates of octroi duty on this article in the other Municipalities of Tumkur District are indicated on page 2 of the P.V.D and they are higher in most of the Municipalities than the Rate that is levied in the Tumkur Town Muplty (which is 0-1-9 per md). The local merchants have however urged that the octroi duty in question may be reduced on the ground that the rate on this Commodity in the Bangalore City Muplty is much lower than what they are paying now. In fact they have represented that it may be fixed at the Rate that is in force in the Bangalore City Muplty viz one rupee per cent advalorum

The D C Tumkur has not furnished his definite opinion on the proposal

16 The Merchants of Tumkur have prayed in their petn dated 21 11 41 presented to the Minister for Mpl Affairs that the octroi duty on sugar imported into the ML limits be reduced to one rupee per cent advalorem. The present rate is one rupee for a bag of nine maunds & this rate compares favorably with those in force in other Mpl limits (except Kolar) in the Tumkur district. Even in some Mpl limits, the rates are as per maund

17 The request is based on the rule prevailing in Bangalore under Schedule II of the Mysore City Mpl Act 1933, the maximum rate of octroi duty on sugar is one rupee per cent advalorem & the duty is levied at this maximum rate both in Bangalore & Mysore cities

18 In the case of Town Mpls under Schedule II of the T M Act, the maximum rate prescribed is 4 as per maund by weight. This is the maximum rate at present in force on a difference of 12 annas from the rate levied in city Mpls Tumkur the octroi levied works out to Re 1/11/9 per maund & is well within

The above maximum there cannot therefore be any hardship on account of the levy at the rate of 7/11/9 per md especially when higher rates are levied on other mills in the same district

1) The income derived from this source for the year 1934-35 is given in statement (Page 5)

The Punjam Govt have resolved that the rate of excise may be reduced to one rupee per cent ad valorem. But this proposal is likely to affect their income especially at a time when they have to undertake schemes relating to improvement of water supply and drainage in the Delhi headquarters area. The same proposal was before the Govt in the year 1937 when it was not accepted by the Govt.

2) Having regard to the above facts, the prayer for the reduction of the rate of excise on sugar is for orders
